

Train Healthcare has been awarded The Skills for Health 'Quality Mark' for our face to face and e-learning training courses. As the very first independent training company in the UK to achieve this quality standard, we are delighted that this award demonstrates our clear commitment to providing the highest level of certified training in the healthcare industry. We can confidently say that all our clients undertaking our training, will fully comply with all NHS Nursing and Medical Framework Agreements.

All packages include NHS Framework Agreement compliance training, face to face BLS, MH, fire and infection control. RMNs need to add PMVA face to face training to their package.
